Speed Sign update

My update on the speed sign is that I am submitting an application to HCC for approval of the positioning of the post. I intend to place it just past the

30 mph sign on Summer Lane beyond the Exbury Gardens entrance.

Once I have that agreement I will erect it. I will need some funding for the post and some postcrete. Hopefully we could ask for a grant from Cllr Dan Poole?

For the future I would proposed a second post beyond the 30mph sign opposite New Cottages with a view to moving the sign occasionally between post.

Yours

Peter
